READY FOR THE UNEXPECTED

Compact and streetwise, Aygo has all the ingredients to keep you safe. Equipped with Pre-Collision System and Lane Departure Alert – Aygo is prepared for any eventuality.

PRE-COLLISION SYSTEM

When the risk of a collision is detected, audio and visual warnings and brake assistance are activated. If the driver fails to respond in time, the brakes automatically engage.

LANE DEPARTURE ALERT

Detects lane markings in the road ahead and alerts the driver with audible and visual warnings should the vehicle start to deviate from its lane without the turn indicator being applied.

HILL-START ASSIST CONTROL (HAC)

HAC helps to ensure a smooth start on steep inclines and prevents the vehicle from rolling back.

TYRE PRESSURE WARNING SYSTEM (TPWS)

The system features a sensor valve which constantly monitors tyre air pressure. The system warns you if the pressure falls below the recommended level.

All active safety technologies

are intended to be back-up systems only and are not a substitute for safe and attentive driving. The functionality of these systems may be impacted by driving conditions. Further information is available from your local Toyota Centre.
