

panda

PANDA.
YOU CAN
DO ANYTHING:
IF YOU DO IT
IN A NEW WAY.

You'll never be bored with your Panda. It just fills your days with colour, freedom and fun! And now it has two superb new shades to enliven your day: Electronica Blue and Minimal Grey. The Panda combines charm and refinement. The alloy wheels give an extra touch of character to a car brimming with extravagant personality.

PANDA

THE MOST
ASTONISHING
NOVELTIES START
INSIDE.

The interior of the Panda is a perfect blend of innovation, functionality and design. Get seated on one of available stylish fabric seats with contrasting stitching, greeted by a bold instrument cluster and with all functions easily accessible through the steering wheel controls. Behind the wheel of the Panda, even the most familiar road is refreshing to drive on.

PANDA 4X4
A REFRESHING STYLE TO LIVE YOUR LIBERTY!

New burnished alloy wheels underscore the adventurous nature of the Panda 4x4. Unstoppable like never before, it offers all-wheel drive with automatic engagement, while its smaller size provides unrivalled agility: it's the most compact off-road car in its category.

PANDA 4X4

FOR ANYONE LOOKING
FOR NEW IDEAS...
BUT ONLY THE MOST
BRILLIANT.

The most thrilling drives are better experienced in total comfort, as you'll find with the Panda 4x4. Its interior welcomes you with a wealth of functional solutions, like the position of the gear knob and controls, designed to make your driving more enjoyable, or the 14 sensible compartments where you can comfortably stow what you need. The whole look is enhanced by the new steering wheel design, the smart dashboard colours and the sharp fabrics. Braving new destinations will have a completely new feel!

PANDA
CITY CROSS

With the all-new Panda City Cross, everyone can stand out thanks to its bold and aggressive look that perfectly reflects the car's charisma. The Panda City Cross is the perfect car for the city with an unstoppable attitude that lets you escape anytime you want a break. Wherever you are you'll be sure to steal the scene.

SOME ARE URBAN,
SOME ARE NOT...
SOME ARE
CITY CROSS.

BE TOUGH, BUT
STAY FRIENDLY

Amaze whoever's watching you with the Panda City Cross and dominate the city with its aggressive urban mini SUV style: with black roof bars and door mirrors, front and rear bumper with body coloured skid plate and body coloured side mouldings.

A CITY CROSS
WITH EVEN MORE STYLE.

Reach the peak of Panda City Cross style with the dedicated Cross Style Pack. With red double front towing hooks body coloured door mirrors, ultrashine front and rear skid plates, silver side mouldings and roof bars, Cross upholstery and copper dashboard.

PANDA CROSS

PANDA CROSS.

ONE ADVENTURE
AFTER ANOTHER,

IN YOUR POCKET SUV.

The Panda Cross is a concentrate of compact but big innovations packed in a body only 3.7 metres long.

One glance is enough to see that it's a toughy: front with skid plate, shiny red tow hooks, aggressive wheel arch, silver mouldings sporting the "Cross" badge and roof rails with the same finishes as the skid plate.

If you're ready to try unexplored emotions, the Panda Cross is waiting to amaze you.

IRRESISTIBLE PERFORMANCE...
AND COMFORT TOO.

The Panda Cross's assertive personality can be seen on board as well, where comfort reigns supreme: seats in natural fabric with brown eco-leather sides and matching door panels. The front seats show off the word Cross, while the dashboard is matt brown with a silver instrument frame and central unit. Steering wheel with integrated controls and gear knob - both in leather - complete the visual statement. The Panda Cross also offers the All Terrain Selector Switch so you can decide how to use your full-wheel drive, offering three modes to help you conquer any type of terrain: Auto, Off-road and Hill Descent Control.

Lavish with its surprises, Panda offers new contents, like the innovative Uconnect™ infotainment system, now enhanced by the invaluable Panda Uconnect™ App with Bluetooth® connection.

The app lets you use your smartphone as an extension of your car by interacting directly with its Uconnect display to access all infotainment functions.

Thus, for example, choosing your playlist, consulting the weather in real time or checking your appointments becomes just as easy as driving a Panda.

ALWAYS
ONE APP
AHEAD.

CO ₂ emissions (g/km) ^(B)	114	129	131	129

The specification (B) indicates the value of CO₂ determined on the basis of the measurement / correlation method referring to the NEDC cycle as per Regulation (EU) 2017/1152-1153.

The specification (C) indicates the value of fuel consumption determined on the basis of the new WLTP test procedure as per Regulation 2017/1347.

The CO₂ and fuel consumption values obtained according to applicable regulation are indicated in order to allow the comparison of vehicle data. The homologation values of CO₂ and fuel consumption may not reflect the actual values of CO₂ and fuel consumption, which depend on many factors related, by way of example but not limitation, to the driving style, the route, the weather and road conditions, the condition, use and equipment of the vehicle. The indicated value of CO₂ and fuel consumption refers to the versions of the vehicle with the highest and the lowest values. Those values may change with the subsequent configuration depending on equipment selected and/or size of tires selected. The indicated values of CO₂ and fuel consumption are not definitive and may evolve as a result of changes in the production cycle; more up-to-date values will be available at the selected official dealer of the FCA network. In any case, the official values of CO₂ and fuel consumption of the vehicle purchased by the customer will be provided with the documents accompanying the vehicle. In cases where the values of CO₂ and fuel consumption are relevant for the purposes of calculating taxes and duties related to the vehicle, reference should be made to the applicable laws in each country.
